## 2016 Awards

*For the first time in Europe – The Disability Champion Award*

The coveted Disability Matters Awards are given to Corporations that are leading the way in mainstreaming disability in three categories: Workforce, Workplace and/or Marketplace. Starting in 2016, Disability Matters Europe will also have an additional award category: Disability Champion. These award winning initiatives are publicly celebrated during the

Awards Ceremony. Focusing on disability is not just a strategic advantage, it's a business imperative, especially so for today's leading corporations. Companies interested in being considered for an award can either self-nominate or are nominated by others for their comprehensive initiatives to mainstream disability in the workforce, workplace and/or

marketplace. Self-nomination is strongly encouraged.
