Disability Matters 2011: My Nomination - Landscape Structures, Inc.

By [Scott Rains](#) on October 27, 2010 10:08 AM

Disability Matters is one of the most important Corporate Awards Banquet and Conference in the United States. The highly coveted awards are given to Corporations that are leading the way in terms of supporting people who either have a disability or who have a child or other dependent with special needs in the workplace though diversity, work life and/or human resource initiatives and in marketing to this segment of the population in the consumer space.

The conference features experts from corporate America, academia, the federal government and the national non-profit sector who share best practices relative to internally supporting and externally marketing to this large, loyal segment of the population.

[Click here for more information on the 2011 event](#)

Landscape Structures, Inc. with an impressive [Advisory Board](#), a moving set of [real-life stories](#), and a marvelous, solidly-constructed array of [playground sets](#) has the formula for Inclusive Play.

Let's see this sort of inclusivity on cruise ships, at family resorts and timeshares and especially as legacy items in parks after major sporting events like FIFA World Cup and the Paralympics. Every World's Fair should build nclusive playgrounds for tourists - and leave them behind as a legacy of the social revolution that is Universal Design.

Hat's off to Landscape Structures, Inc!

I hope you [apply for Disability Matters 2011](#).
